Four Pillars

YARRA VALLEY, AUSTRALIA

Established in 2013, made in its own bespoke distillery in the Yarra Valley using copper pots stills from CARL Artisan Stills in Germany.

Rare Dry Gin 41.8% alc/vol. 6X700ml

A truly modern Australian style of gin, crafted using a combination of Mediterranean citrus, Asian spice, fresh oranges and local Australian botanicals.

Bloody Shiraz Gin 37.8%alc/vol. 6X700ml

Each year Four Pillars takes local cool-climate Shiraz grapes and steeps them in Rare Dry Gin for eight weeks. The resulting Bloody Shiraz Gin is rich in colour and flavour, all naturally occurring from the grapes (with no added sugar).

Olive Leaf Gin 43.8%alc/vol. 6X700ml

Five years in the making, Four Pillars Olive Leaf Gin uses three types of cold-pressed extra virgin olive oil and olive leaf tea from the world-class groves of Victoria's Cobram Estate. Botanicals like rosemary and bay leaf transport you to the Mediterranean, while native macadamia nuts and lemon myrtle make the gin distinctly modern Australian.

Fresh Yuzu Gin 41.8%alc/vol. 6X700ml

A new and permanent member of the Four Pillars family, Fresh Yuzu Gin offers amazing aromatics that are a mix of lemon, mandarin, cumquat and grapefruit. The palate also features ginger, turmeric and sencha genmaicha, a Japanese green tea with roasted brown rice, for depth of flavour.

Spiced Negroni Gin 41.8%alc/vol. 6X700ml

This gin uses Indonesian cubeb, grains of paradise, fresh ginger and blood oranges to make the perfect Negroni.

Navy Strength Gin 58.8%alc/vol. 6X700ml

Similar in style to the Rare Dry Gin but with the addition of three fresh botanicals: turmeric to add weight and earthiness, ginger for spice and zesty native finger limes.

Four Pillars RTD

There are so many opportunities to have a ready-to-drink can, ready to drink.

The outdoor lifestyle, the fishing trip, the sneaky one in the beach bag, the BBQ at a mate's place and so it goes on. And now we have Four Pillars ready-to-drink cans, ready to drink.

Rare Dry Gin & Tonic

The time has come, Four Pillars Rare Dry Gin & Tonic is now in a can. Using a hyper-concentrated version of Rare Dry Gin, bespoke tonic and extra fresh organic oranges, it's simple and delicious. Australia's favourite G&T now in a can, ready to enjoy.

Bloody Shiraz Gin & Tonic

Cult-favourite Bloody Shiraz Gin has found its newest home – in a can. To maintain full flavour while keeping the serve to one standard drink, Four Pillars distilled a special super botanical gin to use as the base. A bespoke tonic was also crafted from scratch to complement the natural sweetness and spice, plus added lemon so it tastes like you've garnished your G&T with a slice of fresh lemon.

Fresh Yuzu Gin & Soda

Four Pillars Fresh Yuzu Gin & Soda is a light and bright alternative to a G&T. Fresh Yuzu Gin is bright, light, fresh, and best enjoyed in a Highball with soda. So they made just that in a canned version, keeping it to one standard drink that packs a flavour punch by distilling a hyper-concentrated version of Fresh Yuzu Gin. On top of the soda, they dialled up the yuzu flavour so it tastes like you've garnished your drink with a slice of fresh citrusy yuzu.

To make this extraordinary gin, each day the Glendalough full-time forager sustainably picks wild plants in the mountains surrounding the distillery. The botanicals go fresh into the still that very day, making for a beautifully balanced, deeply layered, terroir-inspired gin. 95 points IWSC 2019, Gold medals San Francisco World Spirits Competition 2017 and The Gin Masters 2017.

Rose Gin 37.5%alc/vol. 6X700ml

Triple Oak Canadian Whisky

42.5%alc/vol. 6X750ml

Bearface Triple Oak is a single grain Canadian whisky matured firstly in ex-bourbon barrels to impart notes of honey, butter and natural vanilla. Three vintages of heavy-red, tight-grain, French oak casks are then used to provide dry fruit notes of cranberry and pear, along with a rich Canadian red colour. Finally, the whisky rests in virgin Hungarian oak casks which have been air-dried for three years and toasted. This imparts unique, spicy rye-like notes as well as BBQ and a gentle smoke.

Fuji Single Grain Whisky

Master Distiller Jota Tanaka has 30 years of distilling experience in the US and Japan and is only the second Master Blender in the distillery's history. Pot Still Irish Whiskey

43% alc/vol. 6X700ml

While the Bourbon cask softens and sweetens the whiskey, the higher levels of flavour in the Irish oak cask complements and balances the classic pot still spices.

Batanga

JALISCO, MEXICO

The name is derived from the legendary Batanga cocktail, created in 1961 by Don Javier Degado Corona, owner of La Capilla (The Chapel) bar in the town of Tequila. The secret to the perfect Batanga isn't just in the ingredients - simply tequila, lime and cola, served in a salt rimmed glass - it's down to Don Javier's ceremonial stirring of the drink with the knife he used to cut limes. Batanga is traditionally distilled using 100% agave grown on one estate in the heart of Jalisco by Casa Orendain, one of the four oldest tequila families.

The bitter aperitivo your Negronis have been waiting for. Seville oranges from Mildura deliver luscious candied orange flavours. Cacao, pomelo and orange pith start earthy and citrusy, evolving into peppery spice and a zip of herbal bitterness.

Blue Curaçao 28%alc/vol. 6X500ml

Light, bright and confectioned this liqueur brings with it big splash of nostalgia, alongside the sun-drenched Australian citrus at its core. It's real fruit, it's really fun, and for the first time in the world this Blue Curaçao is as vibrant in flavour as it is in colour.

Peach Liqueur 25%alc/vol. 6X500ml

Made using Goulburn Valley peaches and nectarines, this delicious liqueur brings light, floral white peach on the nose. Fresh, crisp yellow nectarine palate, with a waxy texture reminiscent of the skin. A sun-soaked peachy dream.

Apricot Brandy Liqueur 25%alc/vol. 6X500ml

Marionette Apricot Brandy delivers an indulgent, viscous texture and lashings of spiced fruit flavour, balanced with a dry, fresh finish. Premium quality, locally-sourced Goulburn Valley apricots and brandy provide the perfect base on which to build your creations.

Mûre 20%alc/vol. 6X500ml

Made with 100% Tasmanian blackberries. No light makes it through Marionette's intensely dark blackberry liqueur. The nose is earthy and full of dark fruit aroma. Tart and almost jammy on the first sip, the sweetness quickly falls away to a glorious, complex palate of sour cherry, spice and tannin.

Dry Cassis 20%alc/vol. 6X500ml

Tarter than traditional cassis, Marionette Dry Cassis is made with Tasmanian blackcurrants and delivers the sweet plush flavours of ripe blackcurrants with around half the sugar content of the French original. This is balanced by an acidity that brings are freshening zing to your cocktails.

Groseille 25%alc/vol. 6X500ml

Marionette Groseille is packed with dense, ripe, redcurrant notes on the nose, without being cordial sweet. On the palate it's silky and fresh, with good concentration. Momentarily juicy in the middle, while maintaining a nice natural acidity through the finish.

Amaretto 25%alc/vol. 6X500ml

The backbone of Marionette Amaretto is formed with almonds from the Keen family's lush biodynamic orchards in Mildura on the Murray, macerated with a lick of golden syrup and a dash of salt. Marzipan characters of Victorian apricot kernels, and Muscat from Rutherglen round out this classic cocktail staple.

Nocino 25%alc/vol. 6X500ml

A February harvest of green walnuts from Michael Edwards' orchard in the Yarra Ranges forms the backbone of Marionette Nocino. Their iconic camphor aroma is complemented by the chocolate notes of toasted wattleseed. A tang of lemon myrtle completes this liqueur.

Broken Bean

CENTRAL COAST NSW, AUSTRALIA

Broken Bean is a family business from the Central Coast of New South Wales - an evolution of Onyx Coffee Spirits.

Led by cousins and co-founders, Matt Faulkner and Mitchell Faulkner, the expert roaster and brewer team boasts a decade's worth of coffee brewing and liquor creation.

Broken Bean 20% alc/vol. 6X700ml

In a ground-breaking cold brew process, Broken Bean Coffee Liqueur starts with a coffee blend of beans from Brazil, Ethiopia and India that are roasted separately before blending, creating a darker and more robust flavour profile. The coffee blend is then brewed into a high-strength cold brew liquid that further increases the richness and mouthfeel.

It is then sweetened with Australian sugar and further enhanced by fortification with Australian wheat vodka to lock in flavour.

The liquid is then left to rest and rack for 30 days, allowing it to develop to full maturity before packaging.

Sip on the rocks or use it to make a satisfyingly bold Espresso Martini.

Tempus Fugit

BERN, SWITZERLAND

Tempus Fugit Spirits recreates fine rare liqueurs that were once staples in classic pre-prohibition cocktails, but have been lost in time. Using historic 19th century protocols - many cross referenced in several languages - Tempus Fugit prides itself in finding out what's missing from the back-bar that the world's best bartenders are searching for. Hand-crafted in Switzerland.

Crème De Cacao 24%alc/vol. 6X700ml

As dictated in 19th century recipes, this liqueur uses cacao from Venezuela and vanilla from Mexico. The raw cacao is distilled and the distillate is then macerated with additional cacao and crushed whole vanilla bean. The process naturally colours the Crème de Cacao a medium brown. The finish is quite aromatic and round with intense, dusty pure cacao flavours and light wisps of vanilla.

Crème De Menthe Glaciale 28%alc/vol. 6X700ml

A true historic crème de menthe is quite a complex spirit and cannot be made correctly with just mint alone. A selection of botanicals is macerated and then fully distilled and the finished distillate is reduced with spring water and cane sugar. It is silky in the mouth, crisp, yet complex.

Liqueur De Violettes 22%alc/vol. 6X700ml

This unique and rare liqueur is made only in micro-batches. The protocol uses the finest French violets, traditionally hand-harvested in the Côte d'Azur, along the Mediterranean Sea, amongst the myriad of precious flowers cultivated in the region for the world's finest perfumes. This elegant elixir has a lower sugar content than the heavier 'crème'-style violet liqueurs.

Crème De Banane 24%alc/vol. 6X700ml

Made with real bananas! Using a historic recipe with no artificial flavours added.

Gran Classico Bitter 28%alc/vol. 6X700ml

Gran Classico is made from a maceration of a mixture of 25 aromatic herbs and roots including wormwood, gentian, bitter orange peel, rhubarb, and hyssop. The maceration also creates a naturally attractive golden-amber colour, and no additional colouring is added. Gran Classico Bitter stands alone on ice or with soda water, but has amazing range as a modifier for many recipes and spirits. It offers a more complex, non-red alternative bitter ingredient for the Negroni.

Four Pillars Bandwagon

Welcome aboard the Four Pillars Bandwagon. Now you can get on it even when you're not drinking.

Bandwagon Dry 0.4% abv alc/ vol. 6x700ml

Bandwagon Dry has been modelled on the original Four Pillars Rare Dry Gin, a modern, citrus-forward gin with a combination of Middle Eastern, Asian and local Australian botanicals. Bandwagon Dry follows the same path – just without the booze. You'll find aromas of orange and lemon myrtle and on the palate are notes of spice and some warmth.

This is a botanical based alcohol-free base destined for a booze-free G&T.

Bloody Bandwagon 0.3% abv alc/ vol. 6x700ml

Bloody Bandwagon is based on cult favourite Four Pillars Bloody Shiraz Gin. Bloody Bandwagon has an alcohol-free base of highly concentrated shiraz and then added complexity by the addition of many botanicals including Tasmanian pepperberry leaf and several types of citrus.

This is a unique, purple and slightly sweet alcohol-free base that you can use just as you would your regular Bloody Shiraz Gin.
